+++++

I agree to have my property in Christopher-Kohls Fire District assessed, in conjunction with The 2007-2008 Fuel Reduction Grant.

This gives permission for the person(s) conducting the assessment to enter upon my property for the sole purpose of conducting the Firesafe Assessment.

This does not give permission to cut or remove any vegetation from my property.

I wish to be present when the assessment is conducted. **YES** \_\_\_\_\_ **NO** \_\_\_\_\_

I understand that in order to receive monetary assistance in fuel removal from my property, I must have the assessment completed by a Arizona State Land Certified Assessor. Assessments from contractors are not valid for this program.

This permission does not obligate you in any way to remove any trees or vegetation from your property.
