

CHRISTOPHER KOHL'S FIRE DISTRICT
2007-2008 FUEL REDUCTION GRANT

TRAILER USEAGE

The Fuel Reduction Trailer will be utilized in the best interest of the Fire District.

1. You must have sufficient room to turn the trailer around. Remember, if we can't turn the trailer around on your property, we can't turn a fire engine around on your property either.
2. The trailer will be used on the weekends to pick-up at roadside only; you must have sufficient help to load the trailer. These trips will transport 1 load or partial loads.
3. Use of the trailer during the week will be by reservation only, and will be dependent on operator availability. The trailer will not be left at the property; you must have people available to load it for the number of trips required. This service is for large projects that would dominate the trailer on the weekends.
4. The trailer is a free service within the fire district, but donations are appreciated. Please make donations to the CKFD Fuel Reduction Trailer.
5. Drivers are volunteers and we can't guarantee availability at all times. Volunteers are not there to load or help you load.
6. It will be the homeowner's responsibility to call and, arrange the time and address where to pick-up and you must have and use the new 911 numbering system. Call 928-478-4403 between 3 and 6 p.m. for scheduling.
7. The driver of the trailer will have the final decision on access questions.

NO PLASTIC BAGS, BUILDING MATERIALS, OR HOUSEHOLD TRASH OF ANY KIND. FOREST DEBRIS ONLY. IF ANYTHING OTHER THAN FOREST DEBRIS IS FOUND IN THE TRAILER YOU WILL LOSE ALL PRIVILAGES TO USE THE TRAILER. THE QUESTIONABLE DEBRIS WILL BE RETURNED TO YOUR PROPERTY AND DUMPED.

To Make Weekday Trailer Reservations or Schedule Weekend pick-ups Call 928-478-4403 between 3 P.M. & 6 P.M.

We Must Work Together or We Will Certainly Burn Together
